

Pocket Return Pages

A paper way to remember a conversation and return prepared.

- 1 One page, one conversation.** Write soon after, while it is fresh. A few words are enough.
- 2 Nothing is required.** A page with a date and one line is already complete.
- 3 Finding the place.** Describe it the way you would tell a friend: *blue gate past the bakery, second door on the left*. A quick sketch helps where there is no address.
- 4 Next time** is what you promised: a question to answer, something to bring, a scripture to read together.
- 5 Keep it kind and private.** Write only what you would be comfortable showing the person you spoke with.

IN THIS FILE

- 2–5** Conversation pages. Print as many as you need.
- 6** Places, for landmark paths and sketches
- 7** People, a simple index
- 8** Returns ahead

Print at 100% on Half Letter, or choose “2 pages per sheet” on US Letter and cut in half. Punch on the left for a ring or disc notebook.

A companion to **Return** for iPhone, iPad and Apple Watch. The app is not needed to use these pages.
